DOOR Reinforcers

LATCH Protectors

630 Finish		LIST
PLP	Pin Latch Protector for Outswing	\$15
CLP	Commercial for Outswing	\$29
NLP	Narrow Commercial for Outswing	\$28

Protective plate that attaches permanently to any OUT-SWING wood or hollow metal door. It completely covers the latch area to protect it from being tampered with by intruders.

- PLP: A solid steel pin prevents the door from being pried open from the frame. Fits 2-3/8" or 2-3/4" backsets
- NLP: Narrow type which is long enough to cover mortise pockets
- CLP: Concealed Welded Studs with fasteners which is long enough to cover mortise pockets.
