## Exterior Wood Porch System

Parts are kiln-dried softwood and ready to paint. Rail is fingerjointed. Order fillet separately. Newels are laminated. If using exterior then apply a wood preservative before painting or staining. Top and bottom of balusters, bottom of newels and ends of rail must be primed AND painted BEFORE installation (after cutting to size). If staining use a minimum of three coats of polyurethane or marine varnish. Products on this page have no expressed warranty.

Balusters	H-Series	Size	Turning Length	List Each
	H207	1-5/8" x 7.5"	4-7/8"	\$5.10

# Quick Ship Custom Wood Baluster

Choose a design listed below or send us a picture or a conceptual design and we can turn it into your "dream porch". We are featuring pine mill option hemlock balusters. To extend the life of your wood balusters please finish them after cutting to size and before installation. We recommend using our wood balusters with our urethane top and bottom rails shown on page 33 and at the bottom of the page. Custom wood balusters have no expressed warranty.

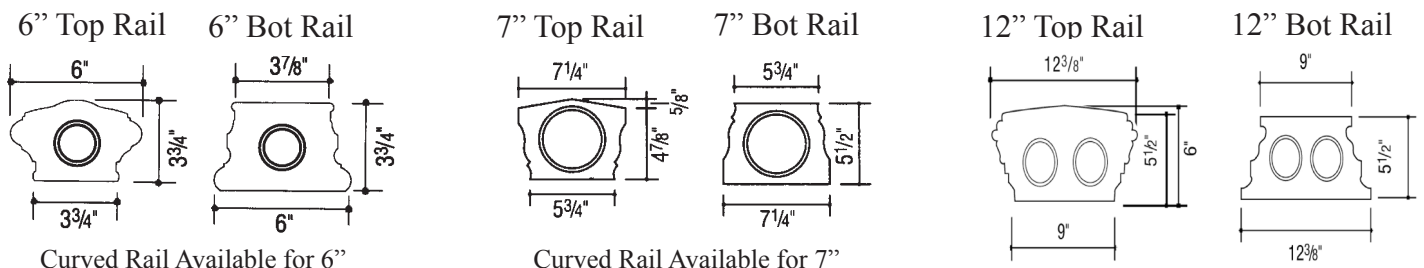

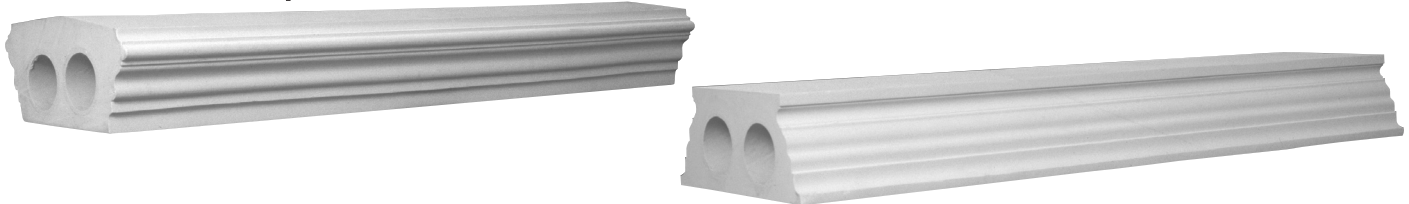

## Promenade Baluster Series

## Quick Ship Custom Examples (more on [www.bbwood.com](http://www.bbwood.com))

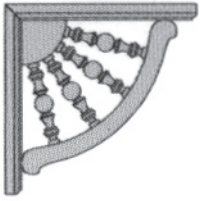

## Urethane Top and Bottom Rails

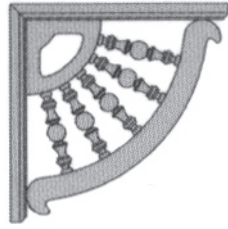

# Victorian Gingerbread
